Profile

Aspiring Backend Developer with strong expertise in MERN stack, APIs, and AI integration using Node.js prompt-based systems. Skilled in designing scalable backend architectures and integrating intelligent features. Experienced in building AI-driven applications with real-time data processing, LLM integration, and automation workflows. Passionate about solving real-world problems and continuously improving system performance and user experience.

Education

Master of Computer Applications (MCA) Anna University, Madurai	2024 – 2026
Bachelor of Computer Applications (BCA) Madurai Kamaraj University	2021 – 2024

Skills

Frontend:	React.js, Tailwind CSS, Redux, HTML, CSS, Bootstrap
Backend:	Node.js, Express.js, JWT, Bcrypt
Database:	PostgreSQL, MongoDB
APIs:	REST API, GraphQL API
Tools:	GitHub, Docker, Postman
Automation:	n8n Workflow Automation
AI/LLM:	API-based AI integration, Prompt Engineering, LLM Integration

Projects

Career Insight System • Built an AI-powered web application for resume analysis and career insights. • Implemented skill analysis and gap detection using NLP concepts. • Integrated AI APIs and LLM-based features for personalized career suggestions.	(MERN Stack)
AgirConnect (Farmer-to-Consumer Platform) • Developed full-stack application connecting farmers and consumers. • Implemented order management and admin dashboard.	(MERN Stack)
Hand Gesture Recognition • Developed system using OpenCV to convert hand gestures into text. • Improved accessibility for hearing and speech-impaired users.	(Python, OpenCV)

Work Experience

Backend Developer Intern Madurai, India Success Life Mantra • Developed REST APIs and handled database operations using MERN stack. • Implemented authentication using JWT and Bcrypt. • Performed PostgreSQL database migration and optimization. • Implemented workflow automation using n8n. • Integrated AI APIs and LLM-based features into Node.js applications.	Jan 2026 – Jun 2026
Python Intern Trainer Srivilliputtur, India Apollo Computer Education • Delivered Python training and assisted in debugging.	2022

Certifications

- MERN Stack Certification — Codentra
- Intra Hackathon - Code Fest (2023, 2022)
- IoT Hands-on Training (2023)

Strengths

- Strong problem-solving and analytical skills
- Quick learner with adaptability to new technologies
- Effective communication and teamwork
- Passion for building AI-driven applications
